## Simplifying workforce management for Academy Trust's

### KEY FEATURES

1

See all agency transactions across the Trust.

2

Live monitoring of supply demand by school.

4

Consolidated spend by school & agency instant reporting.

3

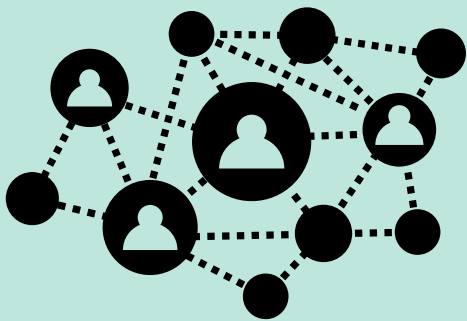

See future supply bookings, committed spend, by county, school type & more.

1

All supply staff from your agencies can share their availability directly with you.

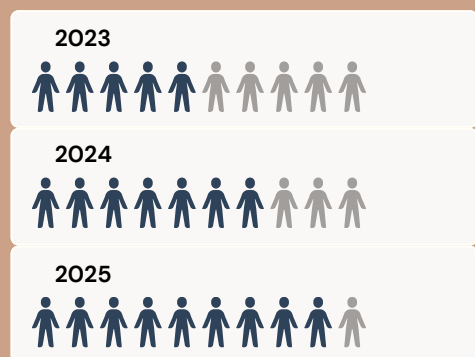

Your trust chooses the level of activity & financial data shared between schools.

2

Monitor live changes in the amount of supply staff your schools are using, identify staff shortages & more.

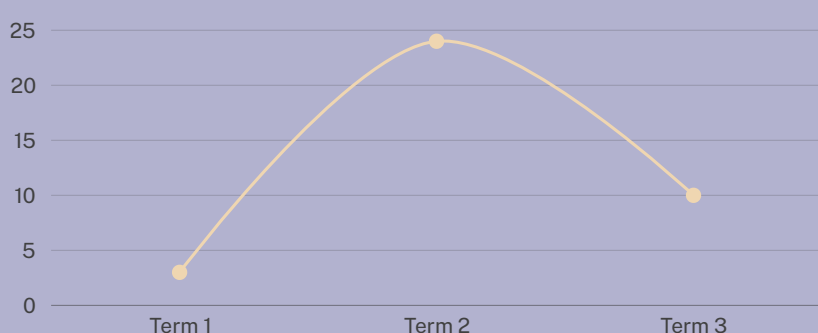

You can do this for individual schools, custom groups or a whole trust view.

3

AvailabilityGrid is able to consolidate your booking data including supply bookings, staff skill sets, & spend.

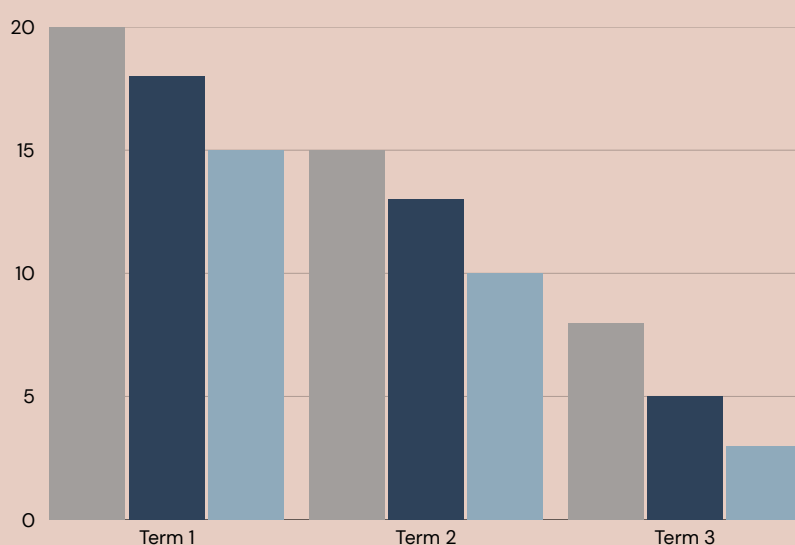

We enable you to see past, present, & future. Helping you plan ahead.

4

Consolidated spend by school & agency saving you time.

All data is centralised on the AG platform & in real time.
